Re: Records Request

Dear

On November 29, 2021, the Washoe County School District (District) Office of the General Counsel received your records request dated and sent over on Saturday on November 27, 2021, by which you have requested:

- A) evidence of payment made for the land acquired by the District on or about March 13, 1980 from the Incline Village General Improvement District; and
- B) the Purchase and Sales Agreement (PSA) for the transaction.

After several searches by staff of the District's archived records, the requested PSA has not been located. Staff was able to locate the March 1980 ledger book in paper form. After an initial review of the forty-one-year-old ledger, staff was not able to find an entry for the amount of the requested payment. However, the ledger does not have all relevant information, including the payee, and it is possible the payment was broken into several smaller payments from different accounts. The ledger will be made available to you for your inspection under Nevada's Public Record Act. Please contact me to make an appointment to inspect. If I have not heard from you within 30-days of this letter, the paper ledger will be returned to the District's archived storage. No other proof of payment has been maintained.

Sincerely,

/s/Breanne Read
